Dear Sir

I do not want GE food contamination in Victoria. We do not know the longterm outcome of GE foods, let us not make the mistakes of the the past coming back to haunt us in 10, 15 or 20 years. Australians deserve unadulterated food.

Let the World come to us to buy our crops knowing that we have, as a nation, banned GE food.

I want the bread that I eat, my vegetables, my meat to be as free as possible without any additives in the growing of them.

Yours sincerely
Ms Helen Whitelaw
