Dear Sus

I am completely opposed to the lifting of the ban on GM Canola in Victoria.

My husband and I are dairy farmers and \*want to be sure that we can source 100% GM free feed for our cattle.

- \* want INDEPENDANT testing of GM crops before they are considered for release.
- \* want an explanation of how farmers will benefit financially from GM crops,
- \* want assurance that my neighbours GM crop will not contaminate my farm.
- \* want the onus of containment to be on growers of GM crops
- \* want GM food suppliers to label their product "Contains GM product"

Yours sincerely  
 Susan Anderson
