

## Disability Standards for Education 2005

### AgTrain Policy

AgTrain supports the participation of persons with disabilities. The *Disability Standards for Education 2005* Guidance Notes encourage prospective students with disabilities to seek training; and for education and training providers to take reasonable steps to ensure that students with disabilities are provided with opportunities to realise their individual potential.

Students and providers undertake a process to assist decisions to offer enrolment

The process includes:

- consultation with the student;
- consideration of whether an adjustment is necessary;
- if an adjustment is necessary, identification of a reasonable adjustment;
- making the reasonable adjustment.

Providers are required only to make reasonable adjustments; any decisions about admission and enrolment is on the basis that reasonable adjustments will be made where necessary so that the student with a disability is provided with opportunities and choices that are comparable with those available to students without disabilities.

Further information is available at [www.dest.gov.au](http://www.dest.gov.au) and search "disability standard".
